

MAGICAL TIMES AT THE MAGIC HOUSE

Cepia supports The Magic House because it offers the children of St. Louis a magical experience they will always remember. The following are just a representation of the many, many ways Cepia has been able to play a role in the success of The Magic House: With the recession affecting so many families, *Wonderful Wednesday* Nights provided free admission to over 15,000 children and their parents during the summer of 2011. Later that year, *Air-mazement*, an exhibit that truly amazes children of all ages, became one of the museum's most loved interactive experiences. In 2012, support from Cepia allowed for the addition of the Pet Clinic to the museum's Children's Village, a pretend community where youngsters take on the role of adults in a variety of professions. In the Pet Clinic, aspiring veterinarians learn about the science of caring for animals – including ZhuZhu Pets, of course!
